Explore A Career In Front-End Web Development

LinkedIn, Online

Dec 2022 - Aug 2023

Certificate Credentials: [Link](#)

I have completed a comprehensive learning path in front-end web development, complemented by a certification. This path has equipped me with the essential skills to design and develop engaging, interactive user experiences on the web, including proficiency in HTML, CSS, JavaScript, and React. Furthermore, I have gained knowledge in accessibility techniques and a deep understanding of web concepts, enabling me to create inclusive and user-friendly web applications.
